## OBJECTIVE

Senior Graphic Designer with excellent people, organizational and production skills, seeking a full-time or part-time position in graphic design for the web, print and animation, OR an interesting position using these skills to teach others.

## EXPERIENCE

Jun 06 – Current **Owner/Designer/Consultant • AGuyThatCan.com • Poolesville, Maryland**

Produce all types of production level graphics and desktop publishing for private industry and government clients. I also run several web-sites for myself and others, and have become very familiar with Flash and web video.

Oct 03 – Jun 06 **Macintosh Network Administrator and Print Specialist  
U.S. Customs and Border Protection under contract to Atteloir, Incorporated**

I was originally hired to provide support for graphics department Macintosh computer network one day a week while working as a freelance graphic designer. This position evolved into full-time where I worked as a Print Specialist. My responsibilities where to define print specifications and procure the printing of any printed materials for U.S. Customs and Border Protection via Government Printing Office (GPO) purchasing contracts.

Mar 99 – Oct 03 **Senior Graphic Designer • Graphic Visions Associates • Gaithersburg, Maryland**

Responsible for design, layout and production of all types of graphics including: trade and professional association show displays; large format banners and posters; journal and magazine ads; catalogs; brochures; photo enhancement and restoration; PowerPoint presentations; and web site graphics/maintenance. My position as a Senior Designer required coordinating design and production with personnel from government agencies and private companies

May 96 – Mar 99 **Owner/Designer/Consultant • Independent Mac Productions • Poolesville, Maryland**

Produced all types of production level graphics and desktop publishing for private industry and government clients.

Nov 94 – Apr 96 **Graphic Designer • Sir Speedy Incorporated • Gaithersburg, Maryland**

Responsible for all types of production level graphics and desktop publishing. During this time Sir Speedy expanded the prepress department and I was also responsible for all prepress work. This work included training on, and operating a Scitex Dolev imagesetter and all processing equipment.

Dec 93 – Nov 94 **Owner/Designer/Consultant • Page Image Works • Poolesville, Maryland**

Produced all types of production level graphics and desktop publishing for private industry and government clients.

Jul 88 – Aug 93 **Freelance Graphic Designer/Consultant • Garden Grove, California**

Designed and created graphics for flyers, menus, charts, letterhead, maps, logos, and t-shirts. I also produced many desktop publishing pieces. Maintained Macintosh computer systems and created database and spreadsheets as requested by clients.

Mar 87 – Jul 88 **Graphics Designer • John Carollo Engineers • Fountain Valley, California**

Produced graphics including figure charts, graphs, manual covers, flip charts, and presentation drafting and drawing.

Feb 85 – Feb 87 **Supervisor • Ardex Corporation • Santa Fe Springs, California**

Supervised and performed technical writing and graphics production for an architectural product database.

Sep 82 – Nov 84 **Junior Draftsman • Marshall Architects Englewood, Colorado**

Assisted with and created residential architectural plans, specifications and drawings.

Jan 76 – Sep 82 **Carpenter**

Worked as a carpenter on residential and commercial construction projects.
